

DATOS OBTENIDOS MEDIANTE LA TOMA DE UNA IMAGEN DIGITAL

Historial clínico:

Dentro de este espacio voy a poner todos los datos que se ingresaron desde el foormulario, la verdad es que todavía no sé cómo voy a lograr eso pero pues vemos. También quiero ver hasta dónde se escribe el texto y para completar ahí va una canción de la Taylor, amonos Draw the cat eye, sharp enough to kill a man You did some bad things, but I'm the worst of them Sometimes I wonder which one will be your last lie They say looks can kill and I might try I don't dress for women I don't dress for men Lately I've been dressing for revenge I don't start it but I can tell you how it ends Don't get sad, get even So on the weekends I don't dress for friends Lately I've been dressing for revenge She needed cold hard proof so I gave her some She had the envelope, where you think she got it from? Now she gets the house, gets the kids, gets the pride Picture me thick as thieves with your ex-wife And she looks so pretty Driving in your Benz Lately she's been dressing for revenge She don't start it, but she can tell you how it ends Don't get sad, get even So on the weekends She don't dress for friends Lately she's been dressing for revenge Ladies always rise above Ladies know what people want Someone sweet and kind and fun The lady simply had enough While he was doing lines And crossing all of mine Someone told his white collar crimes to the FBI And I don't dress for villains Or for innocents I'm on my vigilante shh again I don't start it, but I can tell you how it ends Don't get sad, get even So on the weekends I don't dress for friends Lately I've been dressing for revenge

De acuerdo con el método ABCD se encontraron los siguientes parámetros:

Asimetría:

ASIMETRÍA			
Puntuación:	_____	Factor de corrección:	_____ 1,3
BORDES			
Puntuación:	_____	Factor de corrección:	_____ 0,1
COLORES			

Puntuación:	_____	Factor de corrección:	_____ 0,5
DIÁMETRO			
Puntuación:	_____	Factor de corrección:	_____ 0,5

Índice dermatoscópico total:

<4,75	4,8 - 5,45	>5,45
Benigna	Sospechosa	Maligna
